30 Years of Success

About the State

Burt H. Wells Offers a Remedy for Cataract—The Medicine Costs Nothing if It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve cataract, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Burt H. Wells' Cataract Remedy, a medicine prepared from a prescription of a physician with whom cataract was a specialty, and who has a record of thirty years of enviable success to his credit.

We receive more good reports about Burt H. Wells' Cataract Remedy than we do of all other cataract remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Burt H. Wells' Cataract Remedy is, it would be the only cataract remedy we would have any demand for.

Burt H. Wells' Cataract Remedy is quickly absorbed and by its therapeutic effect tends to disintegrate and eliminate the entire mucous membrane tract, to destroy and remove the parasites which injure the membrane, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time, it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Burt H. Wells' Cataract Remedy, beginning a treatment to-day. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Burt H. Wells' Cataract Remedy in two sizes, 50 cents and \$1.00. Remember, you can obtain Burt H. Wells' Cataract Remedy only at our store—The Rexall Store, The Red Cross Pharmacy, Burt H. Wells, proprietor.

FOUND PROBABLY GUILTY.
Joseph Downey Held for Grand Jury Following Sister's Death.

Boston, April 22.—Joseph Downey, a Jamaica Plain youth, was found probably guilty of manslaughter in killing his sister on Tuesday, by Judge Perkins in the West Roxbury district court yesterday and was held for the grand jury in bonds of \$5,000, which were not furnished.

Downey's father and brother both testified that Joseph threw his sister, Rose, 18 years old, on the floor and then kicked her in the abdomen, when she interfered in a row between the two brothers. All had been drinking beer.

When Downey was told that his father and brother would testify to his having committed the crime, he said: "All right, if they say so, I will stand for it and go to the chair."

NIGHT RIDERS MUST PAY \$6,000.
Augusta, Ky., Tobacco Grower Is Awarded Damages by Court.

Covington, Ky., April 22.—A jury in the federal court Wednesday returned a verdict of \$6,000 damages in the case of W. S. Henderson against Ben Jordan and thirteen other Bracken county citizens. This is one of the "night rider" cases, in which damages are sought in connection with the Kentucky tobacco war.

Henderson, a citizen of Augusta, Ky., sued for \$25,000 damages, alleging that the defendants had forced him to give up his business because he would not join with them in pooling his tobacco. In a former trial, a verdict for \$250 was returned.

LINCOLN GIFT.
Cigar Box He Presented Sold in London for \$125.

London, April 22.—At a sale of the effects of the late Lionel Brough, the comedian who died last November, a cigar box of Sheffield plate, decorated with a portrait of Abraham Lincoln, fetched \$125. The box is inscribed: "Presented by Abraham Lincoln, president of the United States, to Professor Anderson, as a mark of appreciation of his talent, displayed at the White House in 1863."

GRANITEVILLE.
The entertainment committee of Myrtle circle guarantees a good time for everyone at the dance Saturday evening.

Social dance in opera house hall, East Barre, Friday evening, April 22. Dancing from 12 to 2 o'clock; music, Gilbertson's orchestra of six pieces. Silver Leaf circle will furnish refreshments. Old and young folk dance under the auspices of the Myrtle Circle, C. O. F., in Miles' hall Saturday evening, April 23. General admission 25 cents. Riley's orchestra. Round and square dances.

Ten Years for P. O. Robbers.
Richmond, Va., April 22.—Pleading guilty to the robbery of the Richmond post office, on the night of March 27, when \$85,000 was taken, Eddie Fay and "Little Dick" Harris yesterday were sentenced to ten years in the Atlantic penitentiary and fined \$5,000 each. The prisoners were captured in New York City.

In fulfilling a contract for the Curtis building at Philadelphia, the Vermont Marble company of Proctor is compelled to get out the largest monoliths of one-piece columns that it has ever handled. There are 14 of these monoliths required, and they must be three feet and one inch in diameter at the top, three feet and eight inches at the bottom and 30 feet long. They will weigh about 33 tons each. The concern has made larger columns, but they were not of the monolith type, having been made of several pieces. An enormous turning lathe is necessary for the monoliths, and the task of getting out marble for the work is a most difficult one. Two of the big columns are already finished. Work is being done on a short distance north of Beaver pond, where the company has created an electric crane of 80 tons' capacity.

George W. Miller tapped his sugar place in Westford over again last week and had a good run of sap, making 350 pounds of sugar.

Arrangements are being completed for the annual convention of the grand bodies of the Vermont L. O. O. F., which is to be held in Burlington, May 17-20.

During the severe wind of Sunday night the silo of F. M. Wright in Enosburg, measuring 16x24 feet, was lifted bodily from the foundation, carried one-half the width of it, and crumpled to the earth.

Newton Williams of Putney had one eye badly injured Monday evening when some boys jumped out from behind a fence and threw an egg at him, striking him in the eye and putting it in jeopardy. It is thought that the sight is uninjured.

Last week Wednesday Henry Hill had the misfortune to lose by fire his sugar house in Stannard, together with a nearly new evaporator, cupping off pan, sap tank, pails, about half of his buckets, a quantity of dry wood and nearly all of the sugar made this spring.

If the new project of the Rutland Railway Light & Power company goes through, the summer people along the west shore of Lake Bomosee will have electric lights. The company is considering the extension of the electric light line through to the Penryn slate quarry, which would without doubt be built on the west side of the lake, where there are 50 cottages, besides a hotel and the Fair Haven Country club. The cottage owners are anxious for the improvement.

A secret society pin, with the name of its owner, the late Edward H. Phelps of Burlington, who died 26 years ago, was recently found in a junk shop in Buffalo, N. Y. A peculiar coincidence was that the finder was Charles M. Heald of Buffalo, a classmate of Mr. Phelps in the class of 1870 at Yale.

It is supposed that the pin was lost or stolen from Mr. Phelps. It will be returned to Mrs. Horatio Loomis of Burlington, his sister.

The American News-Vending Machine company has closed a contract with Will A. Astle of St. Johnsbury to manufacture the machines there and the plant of C. L. Clark of Padockville, formerly used for building threshing machines, has been purchased for the new industry. The necessary machinery and tools will at once be installed and the first shipment of the machines will be August 1. Orders to date call for over eighty tons of material, which speaks well for the new industry.

Rutland has been in a quandary to know whether she would join the southern baseball league, which includes South Adams, and Pittsfield, Mass., Schenectady, N. Y., and Bennington, or the old northern baseball league, if it should be renewed, made up of the teams of Plattsburgh, N. Y., Burlington, Barre and Montpelier. Part of the momentous question has been solved for Rutland as word has been received from the manager of the southern league that the schedule is filled and she cannot join the league. Rutland is in favor of renewing the old northern league, but Burlington and Plattsburgh have not yet been heard from.

Several Middlebury college sophomores were badly frightened Monday night, following an attempt to punish some freshmen, who had refused to obey the laws laid down by the upper classmen. Marcus Dodd, one of the freshmen, broke away from his captors and fled toward the Otter creek, with his pursuers close at hand. He plunged into the stream, and in the gathering darkness was soon lost sight of. When he failed to answer their calls, it was thought he had gone to the bottom and the frightened sophomores spent several hours searching for the body of their victim, and finally went home, determined to give the matter up for lost.

At the hour of chapel, young Dodd appeared, having spent the night with a friend on the opposite side of the creek.

Hon. Olin Merrill, who a short time ago gave the Granite Falls high school a number of likenesses of the country's great men, has now further beautified the interior of the school building by having placed in the upper hall and library other pictures, which are especially artistic and appropriate. The pictures are reproductions from works of famous artists and represent, for the most part, important events in our national history. The list is as follows: Departure of the Mayflower, Bayard's U.S. Frigate Constitution, John Jay's Surrender of Cornwallis, the Battle of Gettysburg, Concord Bridge, Signing the Declaration of Independence, Trumbull's Sister Madison, Raphael, Pictures of Clay and Webster have also been added to the high school room.

In fulfilling a contract for the Curtis building at Philadelphia, the Vermont Marble company of Proctor is compelled to get out the largest monoliths of one-piece columns that it has ever handled. There are 14 of these monoliths required, and they must be three feet and one inch in diameter at the top, three feet and eight inches at the bottom and 30 feet long. They will weigh about 33 tons each. The concern has made larger columns, but they were not of the monolith type, having been made of several pieces. An enormous turning lathe is necessary for the monoliths, and the task of getting out marble for the work is a most difficult one. Two of the big columns are already finished. Work is being done on a short distance north of Beaver pond, where the company has created an electric crane of 80 tons' capacity.

Keeping the Tea-Kettle Free From Scale

Every housewife who lives where water is hard, knows how the lime and other salts form a coating on the inside of the kettle. This may be largely prevented, and the outside of the tea-kettle kept free from soot and grease, by washing thoroughly inside and outside every day or so, with hot water and Gold Dust.

The hard lime and other salts are dissolved by the Gold Dust and the inside of the kettle will be kept smooth much longer, if thus cared for. Be sure to rinse thoroughly with clear warm water, then refill with cold water for heating.

Comet Now Visible.

Cambridge, Mass., April 22.—Visible to the naked eye for almost half an hour, Halley's comet was watched with interest by members of Harvard college observatory early yesterday. The comet appeared in plain view at 3:40 a. m., and disappeared from sight at 4:12 a. m. From observations taken by a team from the observatory staff, the comet was 15 degrees east of Venus, had a tail one and one-half degrees long and was in the fourth magnitude.

Worse Than Bullets.

Bullets have often caused less suffering to soldiers than the arena L. V. Harriman, Burlington, Me., got in the army and suffered with forty years, "But Bullets' Arrows" have cured me when all else failed," he writes. Greatest healer for sores, ulcers, boils, burns, cuts, wounds, bruises and piles. 25c at the Red Cross Pharmacy.

Grand Spring Excursion to New York City.

On Thursday, April 28, 1910, via Central Vermont Railway company, New London and the steamer New Hampshire, from all stations, Route Point, Highgate Springs, Richford to Harlow's inclusive, Burlington to Cambridge inclusive, Barre and Montpelier \$6.00 only. Good going April 28, 1910. Returning to reach original starting point May 10, 1910. See handbills for particulars.

Boys Can Make Money

picking up bones and sending them to us. We pay 65 cents per hundred for almost anything in the Bone line, if dry. For clean, dry, boiled butchers' or house bones we pay as high as 85 cents per hundred. At these prices we pay the freight from nearly all stations on shipments of 200 pounds or more. Ship in barrels or cheap boxes.

Carroll S. Page, Hyde Park, Vt.
